

Central Valley

# Serving the Central Valley Since 1999

Industrial Threaded Products Inc, a California fastener distributor, is quickly becoming the most trusted source for servicing the fastener needs of our manufacturers in the Golden State. ITP has three locations in California, our fastest and one of our most successful branches being in Fresno, CA. Since 1999, ITP has been serving the Central Valley with our premier service and unbeatable pricing. Our customers range from small to large and consume standards and specials. ITP delivers time and time again with our knowledgeable staff and service-focused employees. Since 1979, ITP has been family owned and operated, now into the second generation of ownership. We welcome the opportunity to serve you with quality products, unbeatable pricing, and world-class service. We look forward to earning your business.

## Core Values

For over 38 years, ITP's core values have remained central to why and how we do business. We do our best to ensure that our clients experience these values at work in every interaction with ITP.

**HARDWORKING:** We are committed to leading our industry with unparalleled work ethic that benefits our customers.

**TRUSTED:** We are committed to steward the trust that our customers have given us as their fastener source and deliver time and time again.

**INNOVATED:** We are committed to innovating customized solutions that help our customers succeed in reaching their goals.

**RELATIONAL:** We are committed to decision-making that puts our customers first and at the center of our business.

**SERVING:** We are committed to providing top-tier service that our customers deserve and will find remarkable.

## Services and Benefits

ITP incorporates the principles of Lean Manufacturing into Inventory Management and Replenishment. Our programs offer a variety of different methodologies to help you reduce costs by eliminating non-value added activities from your production process.
